

Made My Statement,
by Steve Wood 1971

Can't slow down, can't take time to eat,
Can't scratch the itch motivatin' my feet
I'm racin' myself, each other to beat
My shirt's wide open just to let out the heat
Can't slow down, as fires brew
Can't be held down by 3 cases of glue

Love you baby, love you baby
Love you baby, I do love you (2 more x)

My mind won't stop
Can't change the channel,
Keep gettin' grilled by the same quiz panel
My thoughts may surface momentarily
But everything runs right back to the sea
I fight the current, I kick hard to flee
But downstream is really where I want to be.

Love you baby, love you baby
Love you baby, I do love you (2 more x)
I made my statement, now I'm waitin' on you.
Waitin' on you, waitin' on you!
